SEASON

We are thankful for the opportunity to serve our community through our school, TheStudio for Dance & The Arts, for ten wonderful years. Since we opened our doors in 2010, The Rockbridge Ballet has grown its initial roster of 85 students to over 200. We have served hundreds of dancers and thousands of audience members. We have seen our students accepted into programs at The Nashville Ballet, The Joffrey Ballet, Dance Theatre of Harlem, Richmond Ballet, Virginia Governor's School, Oberlin College, Virginia Commonwealth University, James Madison University, The University of Utah, and St. Olaf College, among others.

Please help us continue to foster the growth and dance education of young artists in our community.
